

Customer Product Information

Sonnenschein A500 Design Life

GNB Industrial Power is proud to announce that the design life of the **Sonnenschein A500** range has been upgraded to 10 years at 20°C, effective immediately, based on positive results from accelerated life tests. This corresponds to the EUROBAT category: “10/12 years – Long Life”

The product brochure and the EUROBAT statement have been updated accordingly; the handbook will be updated as well.

Date: October 2015
