

## Customer Product Information

### Sonnenschein A400 Design Life Upgrade with Carbon Boost

GNB Industrial Power, a division of Exide Technologies, is proud to announce the launch of the new Sonnenschein A400 range with Carbon Boost. Based on years of research and development, the unique carbon additives help achieve an extended design life of up to 15 years, thereby lowering the total cost of ownership for the end user.

The change is already effective as of today, on all A400 models of 20 Ah and up. The part numbers are not modified.

Date: January 2017
